Special to the APPEAL

The Barcelona Riots.

Madrid, June 11.—The riots at Barcelona have assumed a serious aspect and the authorities found it necessary to call out the troops and grapple with the increasing disorders but are unable to quell the mob. Bands of men crazed with liquor surge through the street destroying property on every side and firing buildings.

Should the mob get the upper hand of the city tonight the morning would present a general scene of destruction. Firing is heard in various parts of the city and barricades are going up in the street.

The troops are gathering at their headquarters and the workingmen in the country in the vicinity of Barcelona are gathering in force hurrying to the city to take part in the struggle. Meetings between the troops have already begun in various parts of the city.

A Bold Robbery.

Oakland, June 11.—At 11 o'clock this morning Paymaster Gilson of the Jackson Iron Works was riding in the cars from Oakland to Berkeley with a sack containing \$17,000 to pay the hands. Just as the train was moving from the Sixteenth Station, two men put pistols to his head and demanded the money. He gave it up and they disappeared as the train was moving off. This evening the police found a horse and buggy that the robbers had used, and are close on the trail of the thieves. It is the boldest robbery ever committed in this city.

[Gilson is a brother to Geo. Gilson formerly of this city.]

Hiland Wins.

Chicago, June 11.—There was an immense attendance at Garfield Park today to witness the handicap race. The talent fell hard. Zalazar was heavily backed by the knowing ones, and sold six to one. Hiland won in 1:53. Wallera second, Chinies 3rd.

Hill Will Withdraw.

Troy, N. Y., June 11.—There is in existence a letter signed by Senator David B. Hill authorizing the withdrawal of his name from all further consideration by the Democratic national delegates whenever, in the opinion and discretion of Richard Croker, Hugh McLaughlin, Edward Murphy Jr., and W. F. Sheehan, such a step should be taken. That letter is in this city at this moment. It is in the safe of Edward Murphy Jr., Chairman of the Democratic State Committee. There will undoubtedly be angry denials of this statement, but the fact has been fully verified and is reliable.

Sensational Divorce Suit.

Waco, Tex., June 11.—A very sensational divorce suit has just been brought here by Mrs. Peter McClelland, wife of the largest real estate owner and one of the richest men in Waco. In it she charges that her husband has repeatedly tried to cause her death. The complaint alleges that on one occasion he tried to poison her food and solicited a woman to help him.

The parties are well known here and the suit is causing a decided sensation. McClelland has left the city apparently to avoid appearing and his whereabouts are unknown.

Bound Over.

Chicago, June 11.—Minnie May, charged with robbing Otto E. Beuchentz, of San Francisco of \$4000 has been bound over to appear in the criminal court. The case promises sensational developments.

How They Received It.

Eureka.—The nomination of Harrison was a cold wave here to everybody. No one could be found in Eureka to cheer for him. The news was received with groans.

Winemucca.—A heavy frost covered Winemucca when the news of

the nomination reached here and general disgust was everywhere manifested. The silver men will hold regular primaries and send delegates to the State Silver Convention.

Candelaria.—Harrison's nomination sickened the town and it was proposed to half mast the flag.

Dayton.—No enthusiasm here over the nomination. The Silver plank is regarded as a straddle.

Anstin.—Harrison will not get ten votes in this section on election day. Elk.—Many old Republicans here have declared against Harrison.

Reno.—Harrison's nomination disgusts everybody and was received in silence.

ALL SORTS.

Chedic's grocery has been repainted.

What's the matter with the signal flags?

Nevada was solid for Blaine at Minneapolis.

After the rain some nice summer weather is looked for.

Hon. Jim Haines, of Douglas, was in the city yesterday.

Mr. A. D. Dowe will take charge of Lindsay's gallery tomorrow.

One solitary paper in Nevada endorses Harrison's nomination.

Four candidates for Sheriff this fall and more counties to hear from.

F. C. Carpenter, observer of the U. S. Weather Bureau is back from Washington.

Court Davenport, Bettincourt's new barber is an artist both smooth and rapid in his razor juggling.

Jack Farrell, the champion pole vaulter of Nevada, was down from the Comstock Friday with the band.

Rev. Farther Tubman of Virginia will celebrate mass and preach at 10:30 this morning at the Catholic Church.

Mrs. J. S. Burlingame will depart for Eureka tomorrow night, to spend a couple of weeks with friends and relatives.

Five tons of rock from A. C. Pratt's mine yielded \$276. Abe Cohn and Geo. Givevich are owners in the mine and feel considerably elated.

A miner named Gale, who had his left foot crushed in the Syndicate mine at Bodie, was a passenger on last evening's train for Grass Valley.

The ladies of the Episcopal Church prepared and served the Pythias lunch at Odd Fellows' Hall on Friday evening and it captured the visiting Knights.

A modest Ohio man in Reno calls attention to the fact that Blaine is the only candidate mentioned at Minneapolis who is not a "Buckeye." Harrison, Sherman, McKinley, Rusk, Allison and Alger were all born in Ohio.

Cagwin & Noteware have received an interesting lot a high grade but low priced books from Chicago publishing houses and the reading class should secure some. People who do not read should commence at once by purchasing the best and digesting it thoroughly.

The malignant woodtick is getting his work in. The most sensitive spot is where he revels. How he finds the spot is a mystery, but he gets there all the same. If we were at liberty to catechise the Creator we would respectfully enquire what woodticks were made for.—Jim Townsend.

J. A. Miller, County Clerk of Lander, and his wife are at the Arlington House. Mrs. Miller is Deputy Supreme Chief of the Pythian Sisters of Nevada and will remain until tomorrow morning. She would be much pleased to meet any of the ladies of Carson who feel interested in the organizing of a Temple.

The New York Press is commenting upon Senator Hill's action in dodging the vote of the silver question says:

"The spectacle of a Senator of the United States darting out of his seat to avoid voting on a great public question and disappearing from view with the lightning change agility of a bunco stealer is not a gratifying one."

A man that has not the stamina to stand up and show where he stands will not do for President of these United States.

THE NOMINATION.

How it is Regarded by the Lead-
ing Carson Politicians.

The nomination of Benjamin Harrison as a successor to himself is not considered the best move the Republican party could have made. The following interviews were gathered by an APPEAL reporter yesterday.

Gov. Colcord:
I do not think it was the best nominative we could have presented to us and would much prefer to see Blaine in the lead for the reason that he could more readily control the silver State at the polls. However faulty we may deem it I am sure Nevada will make the best of the conditions now surrounding us and try to elect him.

H. M. Yerington:
All this talk about free coinage and third party business is nothing but buncombe. I have no fear of these revolts and when the voters go to the ballot box next Fall they will vote for the Republican nominee. You need have no fears about the result; Harrison's all right.

Secretary of State, O. H. Grey:
I simply consider it a crow straight for Nevada and would have preferred another course in the shape of Blaine. Gen. R. M. Clarke:
Harrison is without a doubt the brainiest man in the Republican party today but his record on the silver question will down him in Nevada. He can't begin to carry any portion of it.

W. D. Jones, editor of the Advocate, Austin, says:

If the Democrats nominate Cleveland, the people, knowing Mr. Harrison's antagonism for silver, will vote for a third party man in preference to either.

Ex-Congressman Woodburn:
Benjamin Harrison's nomination is a wet blanket on the voters of silver producing states.

Senator Haines of Douglas:
It falls dead. I was in Reno when the news came. People looked at each other dazed. Someone proposed to hurrah for Harrison but there was no response. He can't carry Nevada. The Silver plank is meant to humbug the West, but it won't. The work was too clumsy. No one but a lunatic would be fooled by it. If they put up a Silver man at the Omaha Convention, I'm for him and the electoral votes of the State ought to be cast for him. We must show these fellows we mean business or we'll never get them to think so.

Miss Davis a Bachelor.

Miss Blanche Davis is the first young lady in Nevada to become a bachelor. She is a Bachelor of Arts, having had the A. B. degree conferred on her by the Reno University. In speaking of her graduation at Reno the Journal says:

The next number on the program was an essay entitled "Growth of Poetry in America," by Miss Blanche Davis, of the Liberal Arts. Miss Davis is the first young lady to receive a degree from the University of Nevada. The admirable way in which she treated the subject showed that her knowledge of the classics and of literature was worthy an older writer. Her words were well chosen and the style of the essay most excellent. The University may rest assured that Miss Davis will prove an honor to the institution. The reading of the essay was faultless and it was received with warm applause. The large number of floral pieces of which she was the recipient, only attest to the real popularity of the young lady graduate.

Eleven to One.

The second trial of the case against Maud Raymond, charged with keeping a house of ill fame within 400 yards of a school house.

Woodburn for the defense held that the prosecution should have arrested the owners of the houses as the law directed, and not make flesh of one and fowl of the other, and pounce on the little fish while the big ones slide through.

The jury stood 11 to 1 for conviction, and were discharged. Mr. Woodburn, the attorney for the defense, protested against allowing the Deputy Sheriff to select persons whom he knew were prejudiced, and also against allowing him to enter the jury room and ascertain how the various ballots stood.

No Flies on Texas.

What's the matter with Texas? At the last presidential election it cast 262,000 votes. Now 180,000 voters have joined the new party. There is a solid South—solid for free coinage.—Mining Industry.

Fully Appreciated.

Carson people should appreciate the fact that if it were not for the News' night report, no bulletins would have been received here after 8 p. m. The APPEAL reaps a benefit by having a night office open, but we have not been overwhelmed as yet with thanks from its editor.—News.

Carson people do appreciate the fact most fully. In the confusion and excitement of the past week, the APPEAL editor overlooked the fact that he owed the News a debt of gratitude for spending so much money to enable the APPEAL to publish later dispatches than heretofore. It is a favor which is not only appreciated for ourselves, but for our old subscribers as well as the new ones coming in.

We take occasion to publicly thank the News and all connected with it for their generosity and consideration. We can never forget it, and never will attempt to.

Meanwhile, the bright and crisp telegraphic reports from Minneapolis, which were laid before the APPEAL readers during the Convention, are regarded by everybody in the city as superior to any telegraphic reports of a National Convention ever received in this State.

The work of our special correspondent when compared with the dry details sent out by the Associate Press, was of a character as distinct from the rest of the telegraph news received in this State, as a speech by Bob Ingersoll considered with the remarks of old Bob Nevins—now deceased—over his dead mule in 1872, on the Geiger Grade.

At the same time we thank the News on behalf of the APPEAL subscribers for the donation of three hours of additional time so generously donated.

Private citizens who wish to send business dispatches after 8 should also be correspondingly grateful.

An Indian Gold-bug.

The Shoshone (Idaho) Journal says: An Indian sold one of our business men some finely polished buffalo horns the other day and when it came to settle our merchant found he was dealing with a pronounced gold-bug, for the Indian positively refused silver, and would not trade unless gold was forthcoming.

Dropped Dead.

Ah Young, a Chinese cook from Virginia dropped dead last night in Chinatown. He fell in a water closet in the rear of a store, and his body no lies in the rear of the Chinese Masonic lodge building. He was 57 years of age.

The various Fourth of July Committees held an executive session last evening and all report encouraging progress.

Pasturage.

On the Duffy and Kirman ranches which contain over 700 acres, being the largest body of pasture land in Ormsby county. As the waters from Clear Creek flume, Ash Canyon and Lake View flow through the property it is the best watered. From the extended range it is eminently fitted for stock cattle and horses. Two bulls, a Holstein and a Jersey, are kept for the service of stock. A limited number of milch cows will be driven from and returned to the city daily. Season commences April 15th. Terms reasonable.
